George:

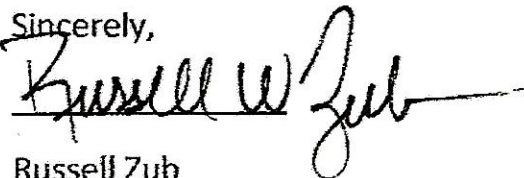

We would like to thank Cameo Kitchens for their excellent job in renovating our kitchen. From the early stages of planning to completion of the punch list, the Cameo staff was professional, courteous and responsive. Mike was very thorough in explaining the design process and working closely with us to select options, evaluate changes and keep us informed of progress. He was very constructive in offering suggestions on design options that would improve the functionality and look of the kitchen.

The construction crew, led by Alex, was always punctual and communicated effectively with us on their daily plans and progress. Their pride in workmanship and attention to detail in all aspects of the installation resulted in a showcase kitchen. When a few issues arose, George was very responsive to offer practical solutions.

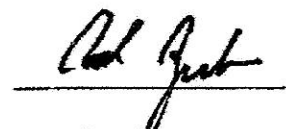

The renovation was completed in 5 weeks as promised. Cameo's high quality standard in all aspects of the kitchen renovation process combined with their punctual completion make them a top pick for kitchen renovations. We have recommend Cameo Kitchens to many of our friends.

Thanks again for a job well done.

Sincerely,
