

What a joy and happiness Cameo has brought to our house and life! It's been such a privilege to work with George, Gary, Mike, William and the rest of your crew. We've been constantly amazed at the quality of work Cameo and its tight-knit subcontractors deliver.

As you may know, we've been so happy with our first contract that we have 3 more in the pipeline. Soon this house will have Honey Brook

happy new year

Cabinets and the footprints of Cameo in every single room. That's how much we are in love with your work. Thank you so much for taking us on as your client.

With deep appreciation
