We would like to take this opportunity to thank the Cameo team for our beautiful new kitchen. We were very impressed with the team, everyone was professional and skilled in their role. While thanking the entire team, I would like to recognize several people.

Virginia did a great job of translating our wishes into a very functional kitchen design. She answered our questions promptly, assisted in selecting our backsplash tile, and reassured me when I was concerned about my selection of granite. To say the least, she was a delight to work with and in all honesty, her professionalism during our initial interviews was one of the deciding factors in selecting Cameo.

Justin took on the challenge of installing a diagonal backsplash with inserts and did a great job! We had no idea of the amount of precise cutting that was required to make all of the tiles go together so beautifully. We have received numerous complements on the backsplash.

As to installing our kitchen, Royce did a great job, taking the lead and ensuring plans were followed and problems such as holes in the subfloor were addressed promptly. Royce's "how to do knowledge and skills" continuously amazed us - he always seemed to know what needed to be done and how to do it! Royce is an asset to Cameo, we appreciated his ability to answer our questions and instilled a level of confidence needed when embarking on a project such as kitchen remodeling.

Thanks to the entire Cameo team.
