Dear George,

My wife and I would like to take this occasion to thank you for the recent renovation of our kitchen. It exceeds our expectations and will afford us many years of happy memories as we enjoy using it. Your reputation for completing a project on time and within the authorized budget is only surpassed by the professionalism of your personnel. We were truly impressed by their cooperative attitude and professional work habits while working in our home. Not only did they always arrive on time but they ensured that the work area was clean when they left at the end of the day. The diligence and attention to detail they showed would make one think that they were working within their own homes. You are to be complimented on the quality and caliber of the members of your workforce, particularly: Bob, Lucho, Gabriel, and Chris.

Your sub-contractors were equally impressive in the execution of their specialties. Robert and Kyle of Brady Electrical were extremely attentive to detail and most willing to do whatever was required to get the task done correctly and to our requirements. They were a pleasure to work with and to have in our home. Randy Smith of R.B. Plumbing and his son Ron were also no nonsense workers who did not waste time chatting but did their tasks in a very professional manner and cleaned up their area when they finished. GLB's team of installers did an outstanding job of measuring and installing the granite countertops. They were in and out of the kitchen in one day and did a beautiful job.

Our kitchen is what we hoped it would be and we thank you for making it so. We are so pleased that we would be willing to discuss with any potential client the benefits of having CAMEO do their kitchen.

Thank you.

Donald and Cynthia Buxton
