Mr. Karl Keul
Cameo Kitchens, Inc.
7297-M Lee Highway
Falls Church, VA 22042

Dear Mr. Keul:

We wanted to take a moment to thank your entire staff associated with our recent kitchen remodel in January.

From my first drop-in at the showroom to the final day of work, we were so pleased with the experience—everyone was so professional, helpful, and timely in their responses to our questions and concerns.

Our designer, Virginia Vipperman, was the best and a delight to work with! Her patience, attitude, and customer service was what made this project so easy and stress free!

Our main installers, James and Justin, were also excellent and a pleasure to work with. They were timely every day, patient with my questions, concerns, and sometimes requests for changes. Can't say enough good things about James, Justin, and all of the other individuals that assisted on the remodel. Their complete respect for my property during this process was greatly appreciated.

I have already referred one friend (and they contracted with Cameo) and will continue to refer your company to anyone that mentions "kitchen remodel".

Thank you again!

Best regards,

Steve & Linda Furr
