Dear Tammy:

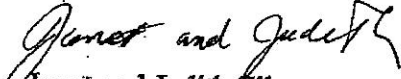

We just wanted to write to thank all of you at Cameo for the outstanding work you completed for us in December. We are delighted to find your kitchen design exceeds all our expectations. The renovation is not only beautiful to behold, it is a wonderfully functional space now. We never realized we could be comfortable and efficient at the same time!

Equally important, the staff assigned to our project were both skilled craftsmen and some of the most considerate, helpful professionals we have had the pleasure to have working in our home.

We have sent a token of our gratitude to you and your colleagues. Please convey our special thanks to Alex, Willy, Gabriel, and Luis for all they did for us.

With all good wishes for the New Year.

Sincerely,

Janet and Judith Zilczer
