Dear Karl:

As our project was recently completed, we felt it appropriate to let you know how delighted we are with the finished project.

We started this venture in April, not having much knowledge about kitchen remodeling. After interviewing several companies, we are pleased with our selection of Cameo Kitchens. From the beginning, Mike Macklin listened to our requests and requirements and diligently worked on a design for us. We were also pleased with Virginia's interior design knowledge and her injection of information in helping us make some daunting selections. As you are aware, the design exceeded our expectations.

The crew that worked on the project always arrived on time and was on the job every day. They are all professionals and their workmanship justifies that. Steve, our project manager, kept everything on target. He always had a favorable solution for any problem that arose and nothing was a challenge for him.

You may feel free to use us as a reference and we would be happy to show any prospective client the finished project.

Again, it was a true pleasure working with Cameo Kitchens.

Sincerely,

Judy A. Hart
