Cameo Kitchens  
7297 Lee Highway, Suite M-  
Falls Church, VA 22042

Dear Karl and Everyone at Cameo Kitchens:

Your company is the best in kitchen design and renovation! We are singing your praises to friends and family about our beautiful kitchen. In selecting a company, we wanted to work with one who upholds the best industry standards and is a local business with a respected reputation.

We really enjoyed working with Tammy. Her experience in the kitchen design industry, attention to detail, and calm demeanor are valued attributes as one navigates through the maze of kitchen renovation. She is really a top-notch project manager and an asset to your company.

We were a bit nervous the day of demolition. The team came in, completed the job, and left the site neat and tidy! It was amazing. We did not have to sweep up after anyone throughout the whole process.

We were pleased with the onsite crew, headed up by Marco. He was most responsive to our needs, explained the daily tasks, and guided us through the daunting process of kitchen renovation. It is very apparent that Cameo strives to assemble individuals who are masters in their craft such as Marco, William, Shannon and Ruben and others who assembled various components of job. William certainly has a bright future. He has a keen eye, and was most responsive to our concerns and needs. All of the members of the team were a pleasure to work with, bringing a good nature and disposition, talent, communication, and expertise to the job.

We just love the Honey Brook cabinets . . . they are stunning!" As you know, Sunny Nolan helped us pull the look of the kitchen together, selecting wall color, hardware, and granite. Her interior design expertise, along with Tammy's knowledge of kitchen design, helped us achieve a beautiful and highly functional kitchen that beautifully integrates with the rest of our home. We even enjoyed the excursion to select the granite. . .it was a lesson in geology.

Gary makes the kitchen work! He is excellent at problem solving, executing the final changes, and was most responsive our onsite needs, from major issues to the smallest of details.

We are appreciative to the Cameo team, some of whom we do not know by name, but know they are a valued players. We are most impressed that Tammy, as well as other valued employees, has been with Cameo for a long time, a testament that Cameo is committed to its customers as well as its employees. Your commitment to your customers and staff are evident by the way you run your business.

Thanks, Karl and everyone at Cameo! We are now enjoying our new kitchen.

Most sincerely,

Mario and Karen Cardullo
